

I WILL NEVER RUN FOR PRESIDENT: WARREN

Gov. Stratton to Ask Million for Extra Salk Vaccine

About Town

And Country

By TIMOTHY T.

Antique Camera Collection in Skaggs Window

DISPLAY: Anybody who ever took a picture or had a picture taken will be interested in looking over the antique camera collection of John F. Foster, operator of Foster's Studio, in the Skaggs pharmacy show window.

Nine old cameras, sitting like the Supreme Court of a few years back, comprise the collection. There are all sizes, from the small Jap camera that uses a 35 millimeter film pack (ask, mind you, not roll) to the Cycle Graphic Panoram camera, a huge affair which makes pictures eight and a half inches wide by four feet long. I understand John still uses this latter instrument on occasions.

Others include a View camera of 1902, a Kodak Panorama of 1901, one patented in 1907, an Eastman of 1903, an Eastman patented in 1896, a 3B Quick Focus of 1891 and a Clack patented in 1841.

TODAY is the last day for filing your income tax return and the question is: What are the chances of getting into trouble with the return?

There are slightly more than two chances out of 100 that your return will require minor adjustment after you send it in. Changing Times, the Kiplinger magazine, has estimated. There is one chance in 100 that you will have to confer with an Internal Revenue Service official to iron out details. There are two chances in 100,000 that you will settle in tax court. And only one chance in 100,000 that your case will go to an actual court of law, the magazine says.

But—here is the good news—chances are nine and a half out of ten that your return will be accepted as filed.

NOW LET'S SEE what some of the other magazines are saying:

ANIMAL HUSBANDRY is the latest "industrial innovation" at a New Jersey oil plant, the magazine, Chemical Week, reports. The animals, belonging to a night watchman at a nearby factory, include 40 goats, two cows, a bull, horse and 300 chickens and they do a superb job of keeping grass short, thereby eliminating a fire hazard.

ADVANCED AUTO STYLES: Cars in the near future, American Machinist says, will have engines that can be placed anywhere, large luggage spaces, air conditioners and wrist electrodes to stop the car if the driver falls asleep.

THE LEIPZIG CORRESPONDENT for American Machinist reports that the Soviet Union's display of machine tools at the Leipzig Fair was impressive, "set against a lush backdrop of draped silks and gilded friezes plus a background of balalaika music alternating with—believe it or not—the hot trumpet of Harry James."

Two Cairo Men Face Charges After Picking Up Girl

CHICAGO (AP)—Two southern Illinois men faced charges today of contributing to the delinquency of a 13-year-old Belleville, Ill., girl, who they said hitchhiked a ride with them to Chicago.

Luther Johnson, 23, and Odell Goston, 22, both from Cairo, Ill., told police they picked up Geraldine Martin near Belleville when she flagged them down.

Johnson and Goston were arrested when a police officer spotted the girl and Goston in a Loop parking lot. Goston told police that they drove to Chicago to enable Johnson to consult an attorney about a personal injury case. He said he and the girl were waiting for Johnson to return.

An investigation by police and a medical examination showed the girl had not been molested, and Miss Martin said they did not touch her.

The girl, who said she had run away from home after a quarrel with her mother, was held at the Juvenile Home awaiting the arrival of her parents.

Would Be Free For 250,000 More Children

Governor to Urge
Legislature to
Appropriate Money

SPRINGFIELD (AP)—Gov. William G. Stratton wants to buy a million dollars worth of Salk vaccine to make the polio serum available free to an extra 250,000 Illinois school children.

Stratton announced Thursday he will ask the Legislature next week to appropriate the money for the vaccine, which would go to children not eligible for the nationwide mass immunization program.

Vaccine bought with this special appropriation would be administered by family doctors. No charge would be made for the serum itself. It would be up to the doctor to decide whether to charge for giving the shot.

First Come, First Served
The mass immunization program sponsored by the National Foundation for Infantile Paralysis will provide free vaccine to 450,000 Illinois children in the first and second grades.

Stratton and Dr. Roland R. Cross, the state public health director, said there are an estimated 1,800,000 Illinois children between the ages of 6 months and 15 years who won't be eligible for that program.

The vaccine bought by the state would be available to these children on a "first-come, first-served" basis.

Stratton said he was informed the Salk vaccine supply would not be big enough to buy more than a million dollars worth before the 1955 polio season starts.

The million-dollar appropriation figure was based on quoted wholesale prices of \$4.20 for enough Salk vaccine to give one child two doses, Stratton said.

"Just a Starter"
Cross said the vaccine, if obtained, would be shipped by the state to local health departments, which would serve as "supply depots." It would be held here "on demand" for doctors.

The public health director said this system is "just like we furnish penicillin for syphilis."

Cross was asked whether he thought the state of Illinois buying a million dollars worth of the vaccine would "dry up" commercial channels.

He replied that news stories about the vaccine reported there would soon be enough for some 30 million persons, and supplies would be large enough for twice that number by the end of this year.

He conceded that the one million dollars was "just a starter," however, in that it would provide enough for one out of seven of the Illinois children ineligible for the mass immunization program.

"I'm trying to get a certain group of the population immunized that otherwise might not get it," he said.

Death Takes Harry Irwin, 69; Funeral Sunday

Harry Irwin, 69, retired Sahara 5 mining engineer, died today at 2:30 a. m. of a heart attack at his home on Harrisburg RFD 1. He had been ill since the first part of the week.

Mr. Irwin was born in Shawneetown, Dec. 18, 1885, the son of Mr. and Mrs. Jim Irwin. On Oct. 17, 1911, he married Viola Dowdy in Dexter, Mo., and shortly after the two moved to Harrisburg.

Surviving are his wife, Viola; one daughter, Mrs. Vernon McFall, 514 West Elm; three grandchildren; a sister, Mrs. Ed Malone, Harrisburg, and two brothers, Roy Irwin, Harrisburg RFD 3, and Len Irwin, Pontiac, Mich.

He was a member of the First Methodist church.

The funeral will be Sunday at 2:30 p. m. in the chapel of the Gaskins funeral home. Rev. W. L. Cummins will officiate and burial will be in Sunset Lawn cemetery.

Rev. John L. Burton, 88, Former Resident, Dies at Frankfort, Ohio
The Rev. John L. Burton, 88, brother of R. B. "Pete" Burton, Mrs. Cordia M. Wallace, and Mrs. Ellis Williams of this city, died at 4 a. m. today at his home in Frankfort, Ohio, where his funeral will be held Sunday afternoon.

He formerly resided in Harrisburg. Mr. and Mrs. R. B. Burton and members of the Williams family will attend the funeral.

FIGHTS DUST—Postman Edward Duffy, looking like a man from Mars, makes his rounds wearing a "dust mask" used in paint-spraying jobs, to battle dust which swirled through Albuquerque, N. M., at 50 miles per hour. A series of strong spring winds has brought severe dust storms to the southern plains area. (NEA Telephoto)

State to Assist Fish Stocking Program at Lake

Glen D. Palmer, director of the Department of Conservation, State of Illinois, has advised that his department will assist in establishing a fisheries program on Lake Harrisburg.

Palmer wrote his letter to Claude Gibbons and was addressed to him as "mayor-elect, City of Harrisburg." Although two names are on the ballot for mayor at the election Tuesday, he is the only one in the race.

Mr. Palmer's letter to Mr. Gibbons said that Robert Miley (superintendent of parks and memorials) had contacted him in regard to the possibilities of the Department of Conservation having one of its biologists make an inspection of this lake, make a complete analysis of the watershed and give recommendations for a balanced planting of fish this spring.

"I can assure you," the letter said, "of the utmost co-operation of the Division of Fisheries in carrying out this request. I am sure our department can be of assistance in establishing a fisheries program on the lake that will be beneficial for many years to come."

"A balanced stocking program on lakes such as this calls for close observation and continued stocking of fishes for three years. Fish recommended and used on such a program are bass, bluegill and channel catfish, with a final planting of crappie after the third year if habitat conditions are feasible for crappie."

"If you will notify us whom our biologist should contact at the time of inspection, we will be glad to arrange for this inspection immediately."

FHA Reveals Boost In Interest Rates

WASHINGTON (AP)—The Federal Home Administration boosted its interest rates on disaster loans more than three months ago but "just forgot" to announce it.

Taxpayers Still Wait Until Last Minute to Meet Income Tax Deadline

By United Press
Income tax day across the nation fell a month later than formerly today. But taxpayers were still waiting until the last minute to pay up.

Internal Revenue Service officials reported that the fellow who delays filling out his tax form until the night before deadline was up to his old tricks.

It didn't make much difference that Congress had moved the day of retribution from the traditional "ides of March" to April 15, exactly a month later, many officials said.

Lines Form Again
There were still the last-minute lines of taxpayers and the bigger internal revenue offices once again made plans to stay open until midnight.

In some places, it was even worse than usual.

Wisconsin had moved its state tax deadline up to April 15 in hopes of getting earlier returns. Instead, there were more unpaid taxes at the last minute than ever before and state tax offices added extra help all week for late filers.

He formerly resided in Harrisburg. Mr. and Mrs. R. B. Burton and members of the Williams family will attend the funeral.

Russia, Austria Sign Pact for Treaty Terms

Includes Soviet
Promise to
Return Prisoners

MOSCOW (AP)—Austria and Russia signed today a formal agreement on the terms they will seek for an Austrian state treaty, wiping out in four days of consultation a 10-year-old impasse in the cold war.

An Austrian spokesman said the agreement includes a Russian promise to return all war prisoners—the stumbling block that has kept Austria an occupied nation and delayed a treaty restoring the independence lost when Hitler annexed it to Nazi Germany in 1938.

The United States, Britain and France must join in signing the state treaty which will make Austria an independent nation, end the four-power occupation and terminate the country's status as one of the losers rather than a victim of World War II.

They gave every indication they would study the "fine print" of the Russo-Austrian agreement to see that it contained no hidden traps.

The agreement was signed at 1:30 a. m. EST in the office of Soviet Foreign Minister Vyacheslav M. Molotov who broke the long lock on March 24 when he invited Austrian Chancellor Julius Raab to Moscow to discuss a treaty.

A Diplomatic Agreement
Officially the agreement signed today was an aide memoire, a diplomatic agreement setting forth in formal language the terms under which Austria and Russia will sign the treaty.

Austrian Vice Chancellor Adolf Schaerf said he believed the West would agree to the terms and that "I hope that we can get a state treaty in the near future. We are satisfied with the results."

Raab was so overjoyed at the results he telephoned to Vienna to proclaim to his people that "Austria will be free."

The main points of the communication provided:

1. Both sides hope for a four-power treaty by end of the year.

2. Austria agrees not to sign any military alliances or to permit foreign military bases on its territory.

3. Austria will maintain a policy of independence neutrality toward all nations.

4. Russia agrees the four-power occupation should end when the treaty becomes effective, "at the latest by Dec. 31, 1955."

5. Austria will pay the Soviet Union 150 million dollars in the form of deliveries of Austrian goods.

6. Russia will hand over property and installations of the Danube Steamship Co., including the shipyards of Korneuburg and all ship and harbor facilities in Austria.

Plan Trade Talks
7. Russia will return Austrian prisoners of war still in Soviet hands.

8. The four powers are to guarantee Austria's future independence—that it will never again be annexed by Germany.

9. Russia agrees to hand back all rights involving Austrian oil fields and oil producing companies.

10. Talks will be opened soon to normalize trade relations between Austria and Russia.

PROBE CORSI FIRING—State Department Security Chief W. Scott McLeod, center, confers with Senators William Langer (R-N.D.), left, and Thomas Hennings (D-Mo.), before appearing at a special Senate Subcommittee. The group met to map an investigation of the firing of Edward J. Corsi and the refugee program on which he was to have been a State Department advisor. (NEA Telephoto)

Illinois Supreme Court Rules M-W Voting for Directors Invalid

Decision Boosts
Wolfson's Drive
To Control Firm

SPRINGFIELD (AP)—The Illinois Supreme Court today ruled Montgomery Ward & Company's method of electing directors is invalid, giving a boost to Louis E. Wolfson's drive for control of the firm.

The court upheld the contention of southern financier Wolfson that the mail order firm's system of staggered terms for members of its board of directors violates the Illinois constitution.

The decision means that all nine Ward directors will be elected at the annual stockholders' meeting a week from today.

Had the court ruled in favor of the Ward management and its head, 81-year-old Sewell Avery, only three directors would have been chosen this year.

Value of the Right
At New York, Wolfson hailed the court ruling as a "tremendous victory for corporate democracy" and predicted he will win control of Montgomery Ward.

He said the decision "removes the barrier Avery has erected between himself and the real owners—the stockholders." He said the court's action would make "one man rule a thing of the past."

Edmund A. Krider, Montgomery Ward president, said the decision "does not change the main issues" of the proxy contest, and asserted that Wolfson has "no chance" to elect a majority because of the proxy total already held by management.

In an opinion written by Justice Ralph Klingbiel, East Moline, with Justice Harry B. Hershey dissenting, the court said:

"A constitutional guarantee should not be interpreted in a broad and liberal spirit. Courts should not apply so strict a construction as to exclude its real object and intent."

"As we have indicated, the general purpose of the provision for cumulative voting and minority representation on corporate boards... was to afford a minority protection in proportion to its voting strength."

In the light of such purpose, the court said, the section cannot be construed to authorize a method of selecting directors which results in impairing the value of the right.

"That Section 3 (of the state constitutional article) contemplates a right to vote cumulatively for the entire number of directors is also evident from the unqualified nature of its language."

Harry Hunter, a representative of Wolfson's public relations staff, said:

City Asks Bids On Paving Projects

The city of Harrisburg today invited bids for two paving projects in the city scheduled for this summer.

In a notice to contractors published today in the legal column of The Daily Register, it is announced that bids for the work will be opened at 2 p. m. April 27.

The street construction program consists of paving Sloan street east from South Main to the concrete highway east of town, and O'Garra street from South Granger west to the cemetery.

The project will be a soil cement base course pavement with a bituminous surface treatment, combination concrete curb and gutter and necessary drainage facilities.

Explode City- Killer A-Device

BULLETIN
LAS VEGAS, Nev. (AP)—A nuclear device of city-killer size was exploded in the Nevada desert today, its savage fury slamming into more than a million dollars worth of U. S. weapons and supplies in the biggest test this year of military equipment beneath the atom bomb.

McLeod Defends Administration Of Refugee Law

By United Press
The State Department's security chief said today he is trying to make the refugee relief program work as best it can under the law.

Edward J. Corsi, ousted administration adviser on immigration problems, has charged that the program is being sabotaged from within the department.

R. W. Scott McLeod, department security chief who has charge of the program to admit 214,000 aliens, told a Senate Judiciary subcommittee that despite "carping and criticism" visas are being issued and that he is doing his best to make the program work.

McLeod was called as a witness in an investigation into the dismissal of Corsi.

Other developments:
Atomic tests: Atomic Energy Commission Chairman Lewis L. Strauss told the Joint Congressional Atomic Energy committee today that tests conducted in Nevada "barely add to radiation already in the atmosphere. He also said the possibility of serious genetic effects on the human race from the tests is 'remote.' His testimony was given as the committee sought to determine what, if any, effect on the nation's health and weather the Nevada atom bomb tests might have.

World Trade: No quick action was expected by Congress on President Eisenhower's proposal for the United States to join the 34-nation organization to promote world trade.

Key Democrats said the plan will get the "deep freeze treatment" until the fate of another trade bill is decided—the measure extending for three years and liberalizing the reciprocal trade program.

The reciprocal trade bill, which gives the President new tariff-cutting powers, squeaked through the House by only seven votes and has since bogged down in the Senate. Democratic leaders support the reciprocal trade bill, but fear stronger opposition will develop to it if the President's new proposal is brought up for action now.

Capitol: Sen. Styles Bridges (R-NH) told the Senate Thursday Congress should convert the existing Capitol into a museum and build itself "a new, modern, up-to-date Capitol where the Congress can function efficiently." Chairman Carl Hayden (D-Ariz.) of the Senate Appropriations committee agreed and said his group will study the matter later this year.

File Murder Charge Against Carbondale Negro
MURPHYSBORO, Ill. (AP)—A murder warrant has been filed against a Carbondale Negro man for the death of his wife.

Jackson County State's Atty. John Gilbert says the warrant was filed against Earl Winfree, 47, late Thursday. Gilbert says Winfree has admitted in oral statements to authorities that he hit his wife on the head with a coal shovel during an argument March 20.

The body of the 33-year-old woman was recovered Thursday from the Big Muddy River north of Carbondale. Winfree told officers he threw his wife's body into the river from a highway bridge about a mile from where it was found.

Winfree is being held in jail here and an inquest will be held into Mrs. Winfree's death next week. Coroner Ed Knowles said no date has been set for the inquest.

Father, Two Sons Die in Crash

SAN JOSE, Ill. (AP)—A father and his two young children were killed in a head-on auto collision which seriously injured three other persons Thursday night.

Donald Arnold, 26, R.R. 1, New Holland, Ill., and his 3-year-old son, Douglas, died instantly. Three-month-old Darrell Arnold died on the way to a hospital at Lincoln.

Hospitalized with serious injuries were Elizabeth Arnold, 26; Dennis Arnold, 4; and Scott Cordes, 23, driver of the second car.

The Weather

ILLINOIS: Fair tonight and Saturday. Mild Saturday. Low to night 45-50 south. High Saturday generally around 70.

Deflates Boom If Eisenhower is Not Candidate

Chief Justice
Issues Statement
After Poll Published

By LYLE C. WILSON
United Press Staff Correspondent

WASHINGTON (AP)—Chief Justice Earl Warren today deflated the Republican presidential boomlet currently developing in his behalf with a statement that he never would be a candidate for that office.

He said the decision was irrevocable.

"I will not change it," Mr. Warren added, "under any circumstances or conditions."

Mr. Warren's announcement was made in the form of a written statement issued from his office in the United States Supreme Court Building. It followed by a few days publication of a poll indicating that Warren, as of now, would be the first choice of Republican voters if President Eisenhower were not a second term candidate. Warren was Embarrassed.

The Chief Justice said Warren-for-President talk had embarrassed him.

Publication of the poll followed months of speculation about Mr. Eisenhower's political plans. The President has told intimates that he does not want a second term. Party leaders generally want him to run again and most of them believe he will be persuaded to do so under the pressure which is developing to that end.

But political strategists have also been looking around—just in case Mr. Warren's name increasingly came up as a substitute for Mr. Eisenhower if one were needed next year.

Mr. Warren just about knocked that talk into a cocked hat with this statement:

"My name has been used as a possible candidate for the presidency."

"This has been a matter of embarrassment to me because it reflects upon the performance of my duties as chief justice of the United States."

"When I accepted that position, it was with the fixed purpose of leaving politics permanently for service on the court. That is still my purpose. It is irrevocable. I will not change it under any circumstances or conditions."

"Be they many or few, the remaining useful years of my life are dedicated to the service of the Supreme Court of the United States in which work I am increasingly happy."

Mr. Warren's language matched the famous 1884 declaration of Gen. William Tecumseh Sherman, who was being implored to seek the Republican presidential nomination. To the party convention Sherman sent this message:

"If nominated I will not accept. If elected, I will not serve."

Two Jets Crash, One Pilot Killed, Second Parachutes

CHICAGO (AP)—Two Air Force F86D Sabre jets returning to O'Hare Field "got into trouble" Thursday night and crashed, killing one of the pilots.

The second pilot, Lt. David Bollinger, 25, Omaha, parachuted to safety about 20 miles west of the field. Capt. Monty Taligani, public information officer at O'Hare Field, said:

"The planes, both all weather interceptors armed with rockets and other ammunition, disintegrated, strewn flaming wreckage over a 10-acre area."

The body of the pilot was found about 1,000 yards from the point of impact.

Taligani said Bollinger reported he made two passes at the field and then climbed to 12,000 feet and bailed out.

The pilot of the other plane also tried to land, but exactly what happened was not learned immediately.

The planes did not collide, Taligani said.

Identity of the dead pilot was withheld until next of kin were notified. The planes were returning from Grand View, Mo., when they crashed.

Eden to Call Elections May 3

LONDON (AP)—Prime Minister Sir Anthony Eden announced tonight he will call national general elections in Britain on May 26.

In a television broadcast to the nation, Eden said he had asked the Queen to dissolve Parliament May 6 and she had agreed to do so.

Eden said, and the new Parliament will be summoned June 7 to resume legislative business.

BIBLE THOUGHT FOR TODAY I will ease me of mine adversaries, and avenge me of mine enemies. — Isaiah 1:24.

That is a normal human impulse, but it is a mistake. It is wise to leave vengeance to God. We hurt ourselves when we try to "get even" with those who have done us wrong. Hatred poisons the whole system. Do your enemy a favor and see what happens.

GALATIA HIGH SCHOOL BAND—Newly uniformed, the Galatia high school band will present a brief concert tonight prior to the Senior class play in the school gymnasium. The concert is entitled "Rhythm and Blues." Mrs. Patsy Lee is director of music at the school. The new band uniforms, first in many years at the school, were made possible through the efforts of the Galatia Alumni association and band parents, both of which groups held various events throughout the year to raise money to defray the expense. The uniforms are deep red and grey. There are no seniors in the present band, and with several incoming freshmen expected to boost the organization, steady growth and improvement is expected. Present members of the band, pictured here, are: Sherry Bovinet, Juanita Williams, Maxine Downey, DeWayne Pace, Brenda Starkey, Donna Eubanks, Beverly Prince, Lillie Hill, John Tate, Nancy Peyton, Theresa Morton, Jane Knights, Pamela Cooper, Delmar Karnes, Scotty Abney, Judy Pittman, Pat Pritchett, Naida Webber, Evalene Braden, David Webber, James Turner, Charlie White, Joyce Hudson, Freddie Edward, Donna Mitchell, and Sandra Carter. Following the concert, which will commence at 7 o'clock, the Senior class will present the play "Don't Be Bashful" by Paul S. McCoy. Directors of the play are Mrs. Dene Pulliam and Mrs. Jane Wick. (Register Staff Photo)

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: Harry Truman Has Never Been Invited To White House Since He Left: Truman Would Make Appealing Unofficial Envoys In Europe; Atom Bombs Are Sent To Far East.

WASHINGTON. — Ex-President Harry Truman has never said anything about it, but the first time he came back to Washington after he retired two years ago he felt a little hurt that General Eisenhower didn't invite him to call at the White House.

He himself had invited Herbert Hoover to the White House as one of his first acts after becoming President. Hoover hadn't been back in Washington for years, had never been in the White House from the day he left on March 4, 1933. So Truman asked him to call.

"I want you to know," Truman told him, "that any time you are in Washington this is your home. I'll feel hurt if you don't come by."

On top of this, Truman appointed Hoover to make a food survey of Europe and also made him a co-chairman of a committee to reorganize the government, a committee which he heads today.

Hoover, extremely grateful for this recognition, paid glowing tribute to Truman at a Gridiron club dinner. Later, in the 1952 campaign, Hoover refused to criticize the Truman administration, though urged to do so by GOP strategists. Truman, however, has never been invited to the White House since he left, and though now back in town, he doesn't expect to be invited today.

AMBASSADOR TRUMAN? Here's a suggestion President Eisenhower might want to consider. It's made only because he's

Wiener Roast Held At Norman Hale Home

A wiener roast was held at the home of Mr. and Mrs. Norman Hale Saturday night. A large brush pile was burned earlier in the evening.

Those present to enjoy the occasion and celebrate the Easter tide were Mr. and Mrs. Conrad Pemberton, Mr. and Mrs. E. O. Hale, Rev. and Mrs. W. A. Ward, Mr. and Mrs. Phillip Pemberton and sons, Gary and Gregg, Mr. and Mrs. Bill Hargraves, Mr. and Mrs. Banta Bundy and daughter, Sharon, Mr. and Mrs. Charlie Pulliam and daughter, Brenda, Mr. and Mrs. G. B. Gasaway, Mrs. Cressie Weir, Delmond Weir and the host and hostess, Mr. and Mrs. Norman Hale, and Barbara and Bruce Hale.

Mr. and Mrs. Conrad Pemberton had as visitors over the week end Mr. and Mrs. Phillip Pemberton and sons, Gary and Gregg, of Armstrong, Arthur Coffee and Miss Jane Coffee of Evansville, Ind. Miss Jane Coffee is in service and will be stationed at a camp some place in Florida.

Mr. and Mrs. Banta Bundy and daughter, Sharon, came Friday to spend the week end with Mrs. Bundy's parents, Mr. and Mrs. Bill Hargraves. They left Sunday morning to return to their home at Stamford where Mr. and Mrs. Bundy are teachers in the city school. Also visiting the Hargraves were Mr. and Mrs. Ebb Hargraves and children of Alton.

Mr. and Mrs. Tom Riddle from Gary, Ind., visited with Mr. and Mrs. Egbert Tate and family over the week end.

Rev. W. A. Ward is conducting a revival at the Union Grove Baptist church where Rev. Delmar Fenzel is the pastor.

Miss Kay Mings spent Sunday and Sunday night visiting with Miss Mary Yvonne Oglesby. Billie and Bobbie Oglesby visited with Jimmy Mings over the week end.

Mr. and Mrs. Dove Jones, Mr. and Mrs. John D. Adams, and Mr. and Mrs. Bruce Giroi spent Sunday visiting with Rev. and Mrs. Bluford Sloan of Carbondale.

Mr. and Mrs. Carlton Davis of near Broughton spent Sunday afternoon visiting with Mr. and Mrs. E. O. Hale. Grant Mings, who is attending school at Southern Illinois university at Carbondale, spent the week end at the home of his parents, Mr. and Mrs. Alvis Mings. Mr. and Mrs. C. L. Oglesby and children and Mr. and Mrs. Robert L. Mings and children were also visitors at the Mings home Sunday.

badly in need of bipartisan support for his foreign policy at home and in even worse need for friendly support from our allies in Europe.

The suggestion is: Send Harry Truman to the capitals of western Europe on a good-will tour.

Send him with Ike's personal blessing but as an unofficial envoy just to visit some of the places he knew as an artillery captain during World War I.

Truman is extremely popular in Europe. To Europeans he is the little man who put across the Marshall Plan, helped build up Europe after the war, is a symbol of European-American cooperation.

If he went very simply, as a tourist, to the Vosges mountains in eastern France to look over the place where he commanded Battery D of the Field Artillery, he would be a symbol of unity and friendship at a time when western unity needs those reminders. They need a reminder not only of past ties with the United States, but they need reminders that unity between France and Germany is all-important.

Harry Truman could be a traveling salesman of American good will as no other man in the United States today.

BOMBS TO ORIENT

It should come as no surprise after Eisenhower's and Dulles' public statements regarding the use of A-bombs that live atomic bombs have now been shipped to the Far East in case the Quemoy-Matsu crisis explodes into war. They are described as small, tactical bombs that could be used to break up troop concentrations on the Chinese mainland.

This is the second time since World War II that Uncle Sam has held the atomic bomb up his sleeve. The first occasion, never before disclosed, took place during the black days of our Korean retreat.

General MacArthur cabled frantically that his troops were being driven into the sea and asked whether he should evacuate or fight to the death. He offered to join his troops on the battlefield and go down fighting with them.

Alarmed, President Truman ordered atomic bombs flown to a secret carrier off the Korean coast. If the situation became desperate enough, Truman intended to use the A-bombs to stop the Red onslaught and save our troops.

During all the time that A-bombs were abroad, the ship rapped her location every half hour. The operation was kept so secret, however, that the British govern-

Peithman Book on Indian Culture

Available April 20

CARBONDALE, Ill. — "Echoes of the Red Man," a book on the Indian cultures of southern Illinois, written by Irvin M. Peithman, Southern Illinois university curator of archaeology, will become available on booksellers' shelves April 20, according to an announcement today by the publishers, Exposition Press, New York.

The 134-page book, containing 40 illustrations, is an archaeological and cultural survey of the Indians of the area, presenting a wealth of factual information in a style appealing to the lay reader. Peithman goes back through some 10,000 years of prehistoric Indian occupation by four cultures, and follows through with attention to the culture of the historic Indian and his relation to the white man in Southern Illinois.

Above all, the publishers point out, the book is a study of human life, the progress of civilization as an archaeologist. The history of the white man and the Indian in southern Illinois is an important part of the whole American history; to know and understand this part of Americana is essential if one is to know and understand better the whole American story.

Many of the photographic illustrations are by Peithman. His son, Russell, has contributed three sketches.

The author, widely known as a lecturer on Southern Illinois Indian cultures, is a native of Hoytville (Ill.), has been on the SIU staff since 1931. He joined the museum staff in 1949. Peithman has spent more than 30 years in seeking out and collecting archaeological data and artifacts, and many of his reports have been published. He is a member of the Illinois State Academy of Science, the Illinois Archaeological Society, the Society of American Archaeology, and the Midwest Museums Association.

ment never knew of Truman's emergency plan.

Now, once again, atomic bombs are ready for action off the Chinese coast—if they're needed.

Note: A leading Soviet atomic scientist, accompanied by two lesser scientists, arrived in Red China on April 3 to consult with Chinese Communist leaders, presumably on the use of atomic weapons.

MERRY-GO-ROUND

Ex-President Herbert Hoover, one of the wealthiest men ever to be elected President, has written a defiant letter to the Social Security Administration, saying he won't carry a Social Security card. Since Hoover is now working for Uncle Sam, he comes under Social Security, but he's written an emphatic letter that he doesn't want to be listed on the Social Security rolls.

at dawn and dusk on Formosa Chinese Nationalists now sing their national anthem, followed by a stirring patriotic song called "Back To The Mainland." Lately, native Formosans have been joining in with gusto singing "Back To The Mainland." They are more anxious than Chiang Kai-Shek for his people to return.

The Signal Corps has installed new, top-secret transmitting equipment in the Pentagon. Instead of ringing alarm bells, it flashes lights and operates almost soundlessly.

HE KNEW BESS

Not many high Republican officials today would boast of a friendship with the Harry Trumans. However, Secretary of the Navy Charles Thomas not only claims them as friends, but says he once lived next door to Bess Truman.

Chatting with Florida's Sen. George Smathers at lunch, Thomas remarked: "I was born and raised in Independence, Missouri. I grew up right next door to Bess Truman, and she is a very fine lady."

Galatia High School Notes

SCOTTY ABNEY WINS FIRST PLACE IN SECTION NO. 25 SPEECH CONTEST

The public speaking contest of Section 25 was held in the McLeansboro high school auditorium on March 31.

The schools participating in the contest were Dahlgren, Cave-in-Rock, Goreville, McLeansboro, Rosiclare, Galatia and Johnston City.

Winner of the contest was Scotty Abney of Galatia. His speech was "The Salvation of the Farmer-Corn." Second place honors went to Johnston City and third place to McLeansboro.

Each boy wrote his own speech and was limited to seven minutes for the minimum and 10 minutes at the maximum. The winner will participate in the district contest sometime in May at the Mt. Vernon high school.

The Galatia agriculture department was also honored to receive a certificate of progress presented by the Sears-Roebuck Foundation to Ronnie Gray for sixth place in individual winner in Section 25 land judging contest held at Olney. All the schools in Section 25 were eligible to enter the contest and ribbons and certificates were given to the 10 high individuals.

Mrs. Pat Lee, music director of the Galatia high school, was one of the judges in the district music contest held at Marion at the grade school Thursday, March 31, and Friday, April 1. Mrs. Lee judged solos and ensembles. This is the third year she has participated in the district contest.

National Foundation To Follow 2-Shot Vaccine Recommendation

NEW YORK (AP) — The National Foundation for Infantile Paralysis announced today that it would follow the two-shot anti-polio vaccine method recommended by Dr. Jonas E. Salk for the year 1955.

The two-shot technique will make the vaccine available to millions more children than under the three-shot plan at first envisioned.

Under the plan, the first two inoculations of the Salk anti-polio vaccine would be separated by an interval of two to four weeks. The third and final shot in the series would be given not earlier than seven months later but before the 1956 polio season.

District Science Fair Scheduled At SIU on April 23

The annual southern district, Illinois Junior Academy of Science, exhibit will be held in the University School gymnasium at Southern Illinois university April 23.

Science students from more than 15 area high schools are expected to exhibit projects of a wide variety of interests—botany, chemistry, conservation, geology, photography, radio, zoology, and many others. Clyde M. Brown, science supervising teacher at University school, and Carl Blood, science teacher at Anna-Jonesboro high school, are co-chairmen of the event.

Brown says exhibitors receiving either outstanding or first ratings will be eligible to enter exhibits at the state Junior Academy of Science meeting which will be at SIU May 6-7. Exhibitors receiving second place and honorable mention ratings will be recognized with certificates.

The southern district includes the 20 southernmost counties of Illinois. Among schools that have had student participants rather regularly in the past are Anna, Murphysboro, Carbondale (Community, University, and Lincoln Junior high), Chester, Carmi, Mt. Vernon, Eldorado, Shawneetown, Shawnee of Wolf Lake, Salem, Breese, Mt. Carmel, and Royalton. Brown says non-member groups are invited to participate in the event.

Jay Hoffman, Chester high school student, will preside as district student chairman at an afternoon general meeting which will include a business session and an illustrated discussion on the archaeology of Southern Illinois by Irvin Peithman, SIU curator of archaeology.

Okinawans, with United States help, have built 17 large dams since World War II, says the National Geographic Society. Nakahodo Dam's 11,500,000-gallon capacity enables nearby farmers to triple their cultivated acreage and boost their rice yield five-fold.

The Daily Register 25c a week

Annual Roman Banquet April 26 At High School

Plans for the annual Roman banquet at the Harrisburg Township high school, to be held April 26, are now being made by the members of the Latin club sponsored by Miss Louise Rice.

The committee to plan the banquet is made up of the following students: Sally Smith, Doris Steinmarch, Sara Cummins, Joanne Zuanella, Jim Partain, James Molinarolo, Hubert Foster, Wayne Short, Dorothy Schneider, Mary Matthews, and Pat Wiley.

The theme of the banquet will be the wedding feast given by Neptune and Amphitrite for Thetis and Peleus. Wayne Short will portray Neptune; Joanne Zuanella, Amphitrite; Doris Steinmarch, Thetis; and Hubert Foster, Peleus. The four students have served as the

officers for the Latin club this past year.

For the Roman banquet, the Latin club members dress as gods and goddesses. Students in the Latin II classes with the highest averages will serve as slaves at the banquet.

The menu for the banquet will include grape juice, barbecued, baked beans, cottage cheese and pear salad, olives, celery, deviled eggs, carrot slices, and cake.

Health, Safety Stressed In B. & P. W. Program; Officers Are Elected

Health and Safety was the theme for the regular monthly dinner meeting of the Harrisburg Business & Professional Woman's club Tuesday evening in the fellowship hall of the First Christian church.

Mrs. Nelle Meyers was chairman of the program and she introduced Mrs. Ray Altire who gave an interesting talk on "Growing Old Graciously." She stated that health is the greatest possession in life and it is not important how long we live, but how we live. In her remarks she listed the diseases most prevalent and advised periodic health check-ups. She also mentioned the most common accidents around homes which can be avoided with care. In connection with the safety program, Lonnie Lamkin, captain U. S. Army Reserve, showed a film on the destruction and importance of the atomic bomb. As he explained the film, he advised members to be instructed in first aid work and other civil defense program phases.

Miss Esther Kallenbach of Carmi, chairman of District 13 of BPW clubs, was a guest of the club. She was accompanied by Miss Pauline McIntosh, member of the Carmi club.

During the business session the nominating committee made its report. The following were elected as officers for the year 1955-56: Miss Meriam Evans, re-elected president; Mrs. Edna Lewis, re-elected vice president; Mrs. Geneva Mitchell, treasurer; Mrs. Anabelle Melton, re-elected recording secretary; Mrs. Harriet Land, corresponding secretary.

Announcement was made of the state convention to be held this week-end in Chicago at the Morrison hotel. Mrs. Meyers and Miss Irene Beasley were delegates. Miss Evans, president, and Mrs. Zola Y. Sloan, state chairman of International Relations will also attend. They left Thursday for Chicago.

The May meeting of the club will be the 21st birthday of the club. New officers will be installed at this time also.

First Presbyterian Lenore Circle Holds Regular Meeting

The Lenore circle of the First Presbyterian church met Monday evening at Turner's cafe for dessert after which the regular meeting was held at the church. Miss Ethel Ewing was assisted by Miss Julia Williamson as hostess.

The Year Book of Prayer was given by Edith Morrison. The program, "Our Mission on the Campus," was given by Misses Lelle Anderson, Ada Cable, Jean Selby, Mary Morrison, Mrs. Mildred Bolcourt, Mrs. Herman Seifried and Mrs. Ownley Furman.

Miss Williamson showed pictures of various scenes in Mexico which she had taken during her travels.

Fifteen members and one guest, Mrs. John Favorite of LaGrange, Ill., were present.

Gaskins City Baptist Fidelity Class Meets

The regular meeting of the Fidelity class of the Gaskins City Baptist church was held at the home of Mrs. Genevieve Grounds Tuesday evening.

The devotion was given by Mrs. Rita Humphrey.

Games were played and prizes were won by Mrs. Leota Tucker, Mrs. Esther Greer and Mrs. Rita Humphrey.

Refreshments were served to the following: Mrs. Alice Yates, Mrs. Lizzie Threut, Mrs. Bobbie Stanley, Mrs. Esther Greer, Mrs. Beulah Vaughn, Mrs. Leota Tucker, Mrs. Fleeta Potts, Misses Effie and Alaine Armistead and one visitor, Mrs. Mary Emma Guye, and the hostess and family.

Social Brethren Young People Have Wiener Roast

The young people of the Dorrisville Social Brethren church, under the leadership of Mrs. Lawrence Reed, held a wiener roast on the farm of Jewel Jackson Thursday evening with 65 in attendance.

The group traveled by bus to the farm and rode in a wagon to the field where a large pile of brush had been prepared. Rev. Tommie Guest offered a prayer of blessing and after the meal songs were sung on the wagon by the bonfire.

Mrs. C. W. Whitley has returned from Danville where she spent the Easter holidays with her son-in-law and daughter, Mr. and Mrs. H. H. Acton and children. Also there were Mr. and Mrs. Fredric Royalty and family of Dayton, Ohio.

Mr. and Mrs. Charles D. McKenzie and son, David, Denver, Colo., spent Saturday evening and Easter Sunday with her parents, Mr. and Mrs. George Eddy, 716 North Main, and with his folks, Mr. and Mrs. Charles McKenzie, 412 North Main.

Mr. and Mrs. V. M. Shobert of Battle Creek, Mich., were guests of Mr. and Mrs. William W. Stokes of 927 Barnett street over the Easter holidays. Mr. Shobert was one of the Chemistry professors at Southern Illinois university last year.

Marriage Licenses

Billie R. Edwards, 23, and Mrs. Betty Jo Edwards, 20, both of Cave-in-Rock.
Max Burk, 21, and Gloria Vanlerhoef, 18, both of Gary, Ind.

Practically all our states increased in population from 1940 to 1950, with California leading the parade with a 53.3 per cent increase.

Kentucky acquired 160 new manufacturing plants, with planned employment totaling 39,778, from January, 1948, to May, 1954.

Methodist Lydia Division Sponsors Coffee at Lloyd L. Parker Home

More than a hundred people attended the benefit coffee held at the home of Mr. and Mrs. Lloyd L. Parker Wednesday morning by the Lydia division of the Methodist Women's Society of Christian Service. Mrs. W. J. Cooley, chairman of the division, stood at the door with Mr. and Mrs. Parker to receive the guests.

All of the members of the division assisted in some way. Mrs. Charles E. Combe and Mrs. James C. Gasaway were on the committee planning and directing the benefit, which it was estimated would net \$125 for the division's church building fund.

At the table from which tea and coffee and dainty cookies were served, was a centerpiece of gladness in a beautiful shade of red mixed with painted daisies in blue. Mrs. Ralph D. Brown, sister of the hostess, Mrs. J. A. Bottomley and Mrs. Dale Harmon poured.

Mrs. Richard Parker, Mrs. Harold Parker and Mrs. B. G. Funkhouser presented musical numbers during the hours of visiting. Mrs. Funkhouser sang several numbers and Mrs. Richard Parker and Mrs. Harold Parker played the piano.

Out of town guests included Mrs. Ira Adams, Equality, Mrs. Roy Seel, Mrs. Paul Ballance and Mrs. Roy Milburn, New Burnside, Mrs. Fred C. Gilbert, who recently came to Harrisburg from California, and Mrs. Mollie Rude, Lawrenceville.

Mrs. Levi Chitty Hostess To McKinley Baptist T. E. L. Class

The T. E. L. class of the McKinley Avenue Baptist church met at the home of Mrs. Levi Chitty for the regular class social.

The meeting opened with the song "Near the Cross" and with prayer by Mrs. Leonard Jackson. The devotion was given by Mrs. Frank Rodgers who talked on "Prayer" using the scriptures Matt. 5:8, Matt. 7 and James 5:9-15.

After the minutes were read and approved and business transacted Mrs. George Langford led in the closing prayer.

For entertainment Mrs. Chitty had invited Miss Jewell Agin to give a reading entitled "Ma's Sabbath Morn'g." Following the reading Miss Agin was presented with a beautiful quilt which the class had made as a wedding gift.

Fifteen members and five visitors answered roll call with verses of scripture. The members were Mrs. Pearl Randolph, Mrs. Herbert Clark, Mrs. John Denny, Mrs. Elvie Gidcomb, Mrs. Earl Hicks, Mrs. Frank Rodgers, Miss Elsie Tyndall, Mrs. Nora Raley, Mrs. Ruth Morris, Mrs. Athel Dillard, Mrs. George Langford, Mrs. Florence Raley, Mrs. Hugh Rann, Mrs. Levi Chitty, Mrs. Mary Agin, and visitors, Mrs. Leonard Jackson, Miss Jewell Agin, Mrs. Bessie Davis, Miss Beverly Spears and Mrs. Robert Keltner.

Refreshments of ice cream, cake, coffee and Cokes were served.

Four Harrisburg Ladies Entertained At Benton

Mrs. Joe Hill of Benton entertained with a spring luncheon held Tuesday at 12:30 p. m. at the Benton country club.

Attending from Harrisburg were Mrs. Loran Wasson, Mrs. B. E. Hart, Mrs. Hudson Muggle and Mrs. Roy Seright.

Mrs. Ray Durham of Harrisburg also received an invitation but was not able to be present.

Susannah Wesley Class Meets With Mrs. Eleanor Blades for Social

The Susannah Wesley class of the First Methodist church held its April social at the home of Mrs. Eleanor Blades, 710 South Main, with Mrs. Bert Gaskins as assistant hostess.

A lovely devotion, "Terrified of Tenderness," was given by Mrs. John Schork.

The business meeting was closed with prayer by Mrs. John Schwartz, class teacher.

Recreational period was spent playing pantomime quiz, guessing proverbs and song titles and the guessing being done in a matter of few seconds in some instances.

Refreshments were served to those mentioned and to the following: Mrs. Gordon Guard, Mrs. Walter Coker, Mrs. A. W. Ledbetter, Mrs. Ward Ozmert, Mrs. Eugene Morris, Mrs. John Foster, Mrs. Ed Cummins, Mrs. Charles Gilliam, Mrs. Harley Shepherd, Mrs. Paul Golish, Mrs. Pat Shelton, Mrs. Edna Cox and Miss Lola Robb.

First Baptist Irma Franks Circle Meets

The Irma Franks circle of the Harrisburg First Baptist church met Tuesday afternoon at the home of Mrs. Della Greer with seven members present.

Mrs. Alma Riegel was in charge of the program. Those presenting topics were Mrs. Lizzie Sisk, Mrs. Stella McNulty, Mrs. Ethel Dunn, Mrs. Alma Riegel and Mrs. Wanda Lane.

Refreshments of lemon pudding and coffee were served by Mrs. Greer.

The next meeting will be held on the second Tuesday in May.

Delta Alpha Chapter Meets in Public Library

Delta Alpha chapter of Delta Theta Tau held its regular business meeting Monday evening in the club room of the public library.

The meeting was conducted by the president, Marian Humm. A contribution of \$100 was given for the American Cancer society.

Dorrisville Baptist To Hold Unique Service Sunday Morning

Dorrisville Baptist church, now in revival with Dr. W. A. Gray as evangelist, will conduct an unusual service Sunday morning. The Sunday school will convene promptly at 9:30 a. m. as usual but classes will immediately convene for the record and roll call. The class period will be cut short and as soon as the attendance record is made all will assemble in the auditorium for the morning worship service. The pastor, Rev. Wm. B. Fuson, states that all who plan to worship with them should plan to attend at the Sunday school hour and if this is not possible they should not be later than 10 a. m.

The purpose of such a short service is that all may see the value of worship to God. Evangelist W. A. Gray states that while it is proper that we should meet to study God's Word in the Sunday school, it is possible that the emphasis is wrongly placed. He states that "the foolishness of preaching" is pleasing to God. Great awakenings have been brought about by the preaching of the Gospel.

The church has set as its goal in attendance 347 persons. It, along with thousands of other Baptist churches in the nation, is working for a spiritual revival even in Harrisburg. It is planned that the morning service will be dismissed by 11:00 o'clock.

How to Win Prizes

Fore!

The Limping Goose

Copyright 1954 by Frank Gruber. Distributed by NEA Service, Inc.

Johnny dug the handful of pennies and dimes from his pocket. "This!" He put the coins on the table beside his chair. "She wanted the pennies and dimes so badly. I bought her 80 worth. Pennies are pennies to her, and dimes, dimes."

Sutton looked at his uncle. "A bunch of old-fashioned Indian head pennies—and dimes and quarters. I thought—"

"That there was a message in the bank? That's the message," Johnny indicated the heap of coins. Sutton looked at the coins, perplexed. "One of your jokes, Fletcher?"

"No joke." Hertha Colston got up and came over. She looked at the coins. "I never saw these, but Jess told me once about the bank he had as a boy." She looked at Carmichael. "You gave it to him?" Carmichael nodded quietly. "He was very fond of the bank."

"Can I have these?" Hertha asked a note of wistfulness in her voice. "It's—it might be a kind of remembrance." "There's some things I want to say first," Johnny said, "then I don't care who takes the coins. Carmichael, Miss Colston, some of this is going to be rather painful."

"Go ahead, Fletcher," said Carmichael gruffly. "You all know about Alice Cummings. Jess was infatuated with her. So much so that he gave her one of his boyhood treasures and confided in her. Up to a point. He told Alice Cummings that if anything happened to him, to give the limping goose bank to his father. It would tell him who had killed him."

"I don't understand that," Hertha said, puzzled. "It—it sounds as if he expected to be killed." "He did." "I stumbled into this thing," Johnny went on. "A bill collector came to my hotel and one thing led to another and he defied me to collect a long-overdue bill against Alice Cummings. Nothing would have happened—that is, I would not have gotten involved in this myself—if I hadn't taken a short cut to finding Alice Cummings. I might add that with interest, the amount still due was \$74."

"I nailed her for that but she only had \$57 in her purse at the time. I held out for the other \$17 and then the phone rang and Jess Carmichael was announced. She wanted to get me out in the worst way and without stopping to think she gave me the limping goose bank to make up the difference." Johnny paused. "Cummings and Jess quarreled and she went out, leaving him in her apartment."

"That's what she says," Hertha put in spitefully. "I think she told the truth. Somebody else came in—somebody who knew that Jess was there. That's the person who killed him." "Fletcher," Carmichael asked soberly, "do you know who that person is?" "Mr. Carmichael," Johnny said, "this morning when I was here talking to Mr. Sutton and you were in the other room listening, he said that you started out in life as a telegraph operator. Was that true?" "Why, yes, I was the station agent and telegraph operator at a little town in Ohio."

Eisenhower Policy on Islands Receives Support of Sen. George

AUGUSTA, Ga. (AP) — President Eisenhower today received powerful backing from Democratic Sen. Walter F. George for the presidential policy against stating publicly whether the U. S. will fight to defend Quemoy and Matsu.

The Georgia Democrat, who heads the Senate Foreign Relations Committee, visited Mr. Eisenhower Thursday at the Augusta National Golf Club where the President is combining work and play on a vacation from Washington.

George said a public statement by the President on U. S. intentions regarding Quemoy and Matsu would turn a ticklish, dangerous issue into a political football.

George said the cause of peace would not be served by the President declaring in advance what this country would do in event of a Red Chinese attack on the Nationalist held off-shore islands in the Formosa Strait.

George's views were directly contrary to those of some equally powerful Senate Republicans. Sen. William F. Knowland (R-Calif.), Senate minority leader, and Sen. Styles Bridges (R-NH) have urged that the President or the secretary of state make a public declaration of what the United States would do in event of an attack on Matsu and Quemoy.

George expressed most of his views on the Formosa Strait Islands in an address before the Georgia Bankers Association. Discussed Atoms Plan

George said he and the President discussed the advantages of Mr.

Suit by Widow of Louis' Trainer Settled for \$20,000

CHICAGO (AP) — A \$745,000 suit filed against United Artists by the widow of Joe Louis' trainer was settled today for \$20,000.

The suit, filed by Mrs. Laura Blackburn Shaw, was settled by stipulation before Federal Judge John P. Barnes.

Mrs. Shaw, widow of "Chap" Blackburn, charged that United Artists used her late husband's name without her written consent in a film portraying the life of the former heavyweight champion.

The stipulation called for a \$20,000 settlement and a percentage of the film's television gross.

The Daily Register 25c a week by carrier boy.

LOST 22 LBS. WITH RENNEL RECIPE

MT. CARMEL, ILL. "I wish to thank you for your wonderful way to reduce. The Rennel Concentrate home recipe is the way to good health. I operate heavy machinery and this work seems to make me gain weight. But with Rennel I am able to reduce and am no longer bothered with bloating. I have lost 22 lbs. and will always keep Rennel on hand for good health." So writes Mr. J. H. Schreiber of RR 4. Rennel must give satisfaction with the very first bottle or manufacturers will refund your money. Get a bottle today.

To the Voters of the City of Harrisburg:

Next Tuesday is the city general election. You will elect a Mayor and other city officers to run your city for the next four years. Please bear in mind that Claud Gibbons is the only candidate for Mayor. Mr. Hudson Mugge's name will appear on the ballot, but as you will remember Mr. Mugge withdrew from the race and is not a candidate at all. I therefore ask you one and all to cast your vote for me for Mayor.

CLAUD GIBBONS
LOCAL FUNERAL DIRECTOR
Your Candidate for Mayor

To The Voters of Harrisburg:

On Tuesday, April 19, you will go to the polls to elect four commissioners to guide the destiny of your city for the next four years.

In selecting your commissioners you should first consider their qualifications:

I have, as you well know, been a business man for the past 36 years in Harrisburg. During that time I have been in the retail and wholesale grocery business and have been and now am in the service-station business.

In that time I have come in contact with

many people from all walks of life and in doing so have become acquainted with their problems and needs and the needs of Harrisburg.

If elected as one of your commissioners I pledge to have an open mind to all suggestions for the betterment of our city.

CHARLES R. HINE
Candidate for Commissioner

CITY OF HARRISBURG

**Want to feel
like a pilot feels?**

HOTTEST BUICK IN HISTORY

No wonder you see so many '55 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" of America's best sellers.

**Today's the day to "Join The Test Pilot Club"
and see what a thrill you get when
you try Variable Pitch Dynaflo®**

We're not kidding.

When you try a '55 Buick with Variable Pitch Dynaflo, you'll feel like a pilot does when he heads his plane down a runway for take-off.

For you, in the driver's seat, are doing what that pilot does—you're changing the pitch of your propellers—one way for instant response on getaway—another

way for better gas mileage in cruising. Your propellers are whirling in oil, deep inside the Dynaflo unit. When you press the pedal in the normal way, you hold those propellers in their economy angle—and you enjoy plenty more miles from your gasoline.

But when you want instant acceleration—for quick getaway, or for a sudden safety-surge of emergency power—you just press the pedal way down, and—with absolute smoothness—you get the action you want, and split-second quick.

It's the thrill that's the talk of the industry—performance unlike anything you

have ever known before on the ground.

And so many folks have been asking to try it that we Buick dealers across America have set up April as "Test Pilot Club" Month. All it takes to join the "Club" is a test drive at the wheel of a new Buick. That's all.

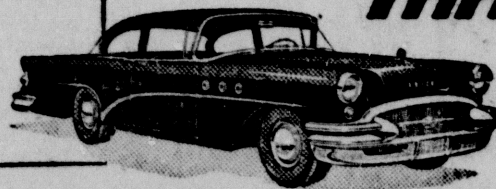

So we cordially invite you to win your "wings"—to try the spectacular performance of Variable Pitch Dynaflo—and to feel the mighty V8 power that puts the whip to these gorgeous new Buick beauties. Drop in this week.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Godfrey Drops The Mariners, Marion Marlowe

NEW YORK (AP)—Television star Arthur Godfrey announced today he is dropping Marion Marlowe, the Mariners and Hawaiian singer Haleloke from the cast of his daytime TV show.

He said he was dropping the entertainers as part of a plan to reorganize all his radio and television programs.

Godfrey released the announcement through official channels of the Columbia Broadcasting System publicity office and refused to discuss the changes.

Besides the three top acts in his daytime cast, Godfrey said he is dropping the contracts of three of his writers—Charles Horne, Preston H. Miles and Charles Slocum.

In the future, his programs will "make more use of performers who are not permanently associated with the group," his statement said.

The backstage family life of the "Little Godfreys" first hit the headlines more than a year ago when the red-haired star fired singer Julius La Rosa from his morning television and radio show.

Recently Godfrey announced that producer Larry Puck, who is engaged to Miss Marlowe, was being dropped as producer of Godfrey's Wednesday night television show.

The CBS statement quoted Godfrey as saying:

"No radio or television program can endure unless it can sustain interest despite the dreary dearth of ideas and the inherent limitations of the media. Such changes in personnel as become necessary from time to time are never properly construed as reflections upon the ability of those who are released. These people have all achieved stardom and I am proud of them. I wish them well in every respect."

Both Miss Marlowe and the singing group, the Mariners, have been accepting engagements at night clubs throughout the country for some time.

Rites at Golconda Saturday for Woman, Victim of Auto Crash

Funeral services for Mrs. Harley W. Myers, former resident of Golconda who met death in an auto accident in Elkhart, Ind., will be held Saturday at 2 p. m. at the Rottman funeral chapel in Golconda.

Rev. L. R. Boles, local Baptist minister, will officiate, and burial will be in the Rose Hill cemetery near Elkhart. The body will lie in state at the home of the parents, Mr. and Mrs. Freeman Hubbs, in Golconda until the funeral time.

The body of Mr. Myers who also died in the collision, has been sent to Fredericktown, Md., for funeral and burial.

Three Found Dead In Wreckage Of Private Plane

SOUTH BEND, Ind. (AP)—Three persons were found dead in the wreckage of a private plane today which crashed hours earlier in a field near here.

The dead were identified as Frank N. Gillespie, 21, Gallatin, Tenn., the pilot; Lloyd L. Patheal Jr., 31, Charleston, Ill., and Tom Falk, 28, Mattoon, Ill.

Patheal and Falk were representatives of Midwest Homes Inc., Mattoon, and had been in South Bend for the opening of a new sales office.

The plane apparently crashed about 9:30 p. m. CST Thursday. Two fishermen thought they heard a crash about that time and spent nearly two hours looking for a plane but failed to find it.

The plane was owned by Walter Reasor, Charleston, Ill., president of Midwest Homes.

Reasor said the men flew to South Bend Wednesday to attend ceremonies marking the opening of the firm's sales operations in the South Bend area.

Control cattle grubs by rubbing 1 1/2 per cent rotenone dust well into the backs of the cattle once a month from now through May.

Steelworkers Join Birmingham Strike Groups

ATLANTA, Ga. (AP)—Steelworkers at the huge Tennessee Coal and Iron Institute (TCI) joined seven other strike groups today in Birmingham, Ala., "The Pittsburgh of the South."

The walkout occurred while labor groups in Birmingham talked about a general strike. There was no known dispute between the steelworkers' union and the TCI.

Workers at the steel plant, one of five units of TCI, a division of U. S. Steel, failed to show up for work last night and some 250 employees immediately threw up picket lines.

It could not be determined immediately whether the steel walkout was the beginning of a general strike in Birmingham where union leaders had been discussing such a move for a week. But R. E. Farr, district director of the steel workers' union, said he understood the 27,000 employees of all five TCI plants would be on strike by Saturday.

Union leaders and company officials were mum at first about the walkout but one high official of the steelworkers' union said after a meeting at which the strike vote was taken that "the people want it." It was known the steelworkers were sympathetic toward south-wide strikes against the Southern Bell Telephone Co. and the Louisville and Nashville Railroad and affiliated lines.

Other strikes in Birmingham involved the Ingall Iron Works, McWane Pipe Co., Murray Transport Co., metal fabricators and furnishers, and paperhangers.

In each of the record production years of 1952 and 1953 nearly twice as much food was grown as in 1934, with 4,000,000 fewer farmers doing the job on 84,000,000 more acres.

University of Illinois tests show that oat silage goes a long way toward providing protein needs of feeder cattle.

In flight, the skylark can mount more nearly to the perpendicular than any other bird.

Pvt. Jack L. Jenkins, son of Rev. and Mrs. George Jenkins, and husband of the former Norma Chenoweth, has been assigned to attend the Fifth Armored division clerk typist school at Camp Chaffee, Ark. During the eight-week course, he will receive instruction in typewriting, the Army filing system, publications, principles of military correspondence, personnel records and reports.

A child born today has a five times better chance to grow to maturity than a child born 30 years ago. Females can expect to live to an average of 72 years and males can expect to live to be 68.

Rivers Rise in Southern States

By United Press

Southland rivers, gorged by three days of torrential rains, rose towards flood crests today in Alabama, Mississippi, South Carolina and Louisiana.

No new storms threatened Dixie, but torrential weather which raged across the nation's southern half had left at least 11 persons feared dead and millions of dollars' damage.

In Mississippi, the Pearl, Pascagoula, and Leaf rivers threatened to spill over thousands of acres today. Alabama was warned to prepare for the worst floods since 1948 on the Lower Alabama, Coosa and Tombigbee rivers.

'Pocket-Picking' Elephant Swallows Purse of Girl, 12

COLUMBUS, Ohio (AP)—The City Council was faced today with the problem of how to reimburse a 12-year-old girl victim of a "pocket-picking pachyderm."

Grace Ross of London, Ont., wrote the council that during a recent visit to the Columbus Zoo "one of the elephants grabbed my wallet and swallowed it."

The purse contained \$5.60 and Grace wants the money given back to her.

Looking At Sports
By BILL MELTON

The Mineral Area track and field meet, top early season track meet in southern Illinois, will be held Saturday at Hurst-Bush, with 35 schools expected to participate.

East St. Louis scored 37 1/2 points in the 1954 meet to take the championship, closely followed by Centralia with 34 points. These same two schools are expected to battle for the title again this year.

Practically every school in this part of the state will send teams to the meet, including two Saline county high schools — Harrisburg and Eldorado.

The participants will be shooting at the following records:
High hurdles, :15.2, Dick Jones, Centralia.
100-yard dash, :10.2, Bob Nast, Belleville.
Mile, 4:33.6, Bob Pitchers, Equality.
Freshman relay, 1:41.4, Herrin.
440-yard dash, :51.9, Jim Ivy, Sumner of Cairo.
220-yard dash, :22.5, John Robinson, Cairo.
180-yard low hurdles, :21.7, Dick Jones, Centralia.
880-yard run, 2:01.7, Dick Watkins, Mounds.
Varsity relay, 1:36.4, E. St. Louis.
High jump, 6 feet, 2 1/2 inches, Jim Mitchell, E. St. Louis.
Shot put, 54 feet, 2 inches, John Bauer, Benton.
Discus, 159 feet, 1 1/2 inches, John Bauer, Benton.
Broad jump, 21 feet, 6 3/4 inches, Jim Alexander, Herrin.
Pole vault, 12 feet, 5 inches, Jim Parkinson, Centralia.
Mile relay, 3:36.6, E. St. Louis.

Two former HTHS track stars will be battling each other for honors in the 440-yard dash when SIU and Rolla School of Mines meet in a dual track meet Saturday.

Sammy DeNeal will represent SIU in the quarter mile and Bob Williams will be Rolla's hope for first place in the same event. Both are HTHS graduates.

Williams was a double winner for Rolla in a dual meet with Washington university of St. Louis Wednesday. Williams took first in the 440-yard dash with the time of :51.8 and also won the discus with a throw of 123 feet 2 1/2 inches.

Jack Cowger, a sophomore, is pacing the Carrier Mills baseball team at bat after two games. Cowger has hit safely five times in as many efforts.

Bull Dogs Entered In Mineral Area Meet Saturday

The Harrisburg Bull Dogs will participate in the 15th annual Mineral Area track and field meet at Hurst-Bush high school Saturday. Coach Gene Bland said today.

Thirty-five schools from the area between East St. Louis and Cairo are expected to send track squads to the meet.

Last year East St. Louis won the championship with Centralia second. Both schools are expected to be top contenders tomorrow.

Bland said he would probably enter a dozen boys in 11 events, as follows:
High hurdles, Eddie Seright; 100-yard dash, Dick Applegate; and Jerry Hicks; 220-yard dash, Applegate and Hicks; shot put, Tony Beal; discus, Beal; low hurdles, Seright, Gary Trammel and Claude Short; pole vault, Trammel; high jump, Bill Yates and Bob Clark; 440-yard dash, Dick Drue and Jack Oze; mile run, Ron Williams; and freshman relay, Clark, Yates, Charles Yarbber and Hicks.

Other schools entered are Eldorado, Christopher, Sparta, West Frankfort, Mounds, Murphyboro, Mt. Vernon, Hurst, Murphyboro, Zeigler, Carmi, Pinckneyville, Virnden, Johnston City, Herrin, Nashville, Sesser, Marion, Dupu, Valier, Troy, Crab Orchard, Carbondale, Cairo, Carlyle, Thompsonville, Royalton, McLeansboro, Dongola, Anna-Jonesboro and Du Quoin.

Reds Name Dykes First Base Coach

CINCINNATI, Ohio (AP) — Jimmy Dykes, for 38 years an American Leaguer as a player, coach and manager, started anew today as first base coach of the Cincinnati Reds.

Dykes, who spent 22 years as a player in the junior circuit, 15 with the Philadelphia Athletics and seven with the Chicago White Sox, was let out as manager of the Baltimore Orioles last September and has been taking things "easy" at his home in Norristown, Pa., since.

The colorful Dykes will replace Tom Ferrick as first base coach of the Reds and picks up the team Saturday. Ferrick, thus will be released to devote all of his time to coaching the Cincinnati Reds.

In addition to his short stint with the Orioles, Dykes managed the White Sox for 13 years and the Athletics for four seasons.

SIU Nine Beats Illinois, 8-7

CARBONDALE, Ill. (AP) — Southern Illinois university beat Illinois, 8-7, as Illinois pitcher Marvin Graves allowed a run in the ninth inning on a wild pitch.

The score of the game Thursday was tied 7-7 in the last of the ninth when Southern filled the bases. Then Graves, a captain of the Illini let go with a wild pitch to send in the winning run.

Carrier Mills Pounds Out 17-4 Victory Over Equality Nine

Carrier Mills high school baseball team pounded out a 17-4 victory over Equality Wednesday afternoon. The game was played on the winners diamond and gave Carrier Mills two wins in as many starts.

Carrier Mills scored six in the first, single tallies in the second and fourth and nine in the fifth. Equality had two runs in each the second and third frames.

Sweet and Evans pitched for Carrier Mills with Collins catching. On the mound for Equality were Teegarden and Porter with Thacker the receiver.

Carrier Mills plays two games next week, at Galatia the 19th and entertains Ridgway the 21st.

THE HARRISBURG STARS, all dressed up in new uniforms and anxious for the regular baseball season to get underway. This Sunday afternoon the Stars and Harrisburg Legion are scheduled to take part in another practice game, then the Stars will open the home season Sunday, May 1. It is hoped a game away-from-home can be arranged for April 24. The team has new uniforms, catching equipment and a big supply of bats and balls, having spent more than \$500 getting ready for the season. Standing, left to right, Max Burgett, Ron Ziegler, Jack Nolen, Roy Hughes and Don Wallace; kneeling, left to right, Gene Stone, manager, Ken Nolen, Floyd Shewmake, Carl Harrison and Raymond Sisky. Charles Rauh, Sterling Cowger and Al Bledig were not present when picture was made. (Register Staff Photo)

Robinson Wins TKO In Third Over Ted Olla

MILWAUKEE, Wis. (AP) — Sugar Ray Robinson said he was ahead of schedule on his comeback trail today. His manager said he would file for re-instatement of Robinson's world middleweight title.

Robinson rocked Wisconsin middleweight champion Ted Olla into technical submission in 2:15 of the third round Thursday night in a flash of the form which made him the world's greatest fighter, pound for pound.

But little could be indicated as to future greatness by the class of competition.

Robinson said the victory was the biggest thrill since his first fight after coming out of retirement.

"I'm most satisfied with the timing on my combination," he said. "I'm as satisfied as I could be with my timing after 31 months out of the ring."

The experienced, 34-year-old Robinson caught the 24-year-old Olla with the suddenness of a thunderstorm at the opening of the third round after a relatively inactive first two rounds.

He came out with an explosion of rights and lefts, staggering Olla hardest with a key right. Then he put Olla down for the mandatory eight count with a hard left. Olla was up at four but he might as well have stayed down.

Robinson poured into him with blows from all directions, but was unable to put him down again. There was little doubt the fight should be stopped so Referee Daub-Jeager stopped it.

Although Robinson talked of getting back his title in the ring, Manager George Gainford talked about getting it back in the petting. Gainford said he would petition the National Boxing Association to recognize Sugar Ray as the middleweight champ again.

Relief Hurler Frank Smith Makes Winning Debut as Cardinals Beat Braves, 8-7

By United Press

Eddie Stanky's big winter deal paid its first dividend today when Frank Smith displayed the powerful relief pitching which the St. Louis Cardinals believe will make them a National league pennant contender.

Smith, acquired from Cincinnati last December for third-baseman Ray Jablonski and pitcher Gerry Staley, made a winning debut for the Cardinals Thursday when he hurled the last three innings of an 11-inning, 8-7 victory over the Milwaukee Braves. Smith took over with the Braves leading, 7-6, and shut them out with only one hit the remainder of the way.

Given the sturdy, late-inning relief pitching which they lacked so often in 1954, the Cardinals tied the score on Stan Musial's ninth inning home run and won the game with Bill Virdon's round tripper in the 11th. Red Schoendienst, Rip Repulski and Wally Moon also hit homers for the Cardinals while Bobby Thomson and Danny O'Connell homered for the Braves.

Smith Misses Bag
At that, the 27-year-old Smith almost deprived himself of the victory with a boner which recalled the famous blunder in 1908 which made Fred Merkle of the New York Giants immortal.

Moon had singled with Smith on first and Bob Stephenson on third in the 10th inning. Stephenson trotting home with what appeared to be the winning run. But the alert Braves noticed that Smith neglected to touch second base and threw the ball there forcing out the pitcher and nullifying the run.

The old spring axiom that the pitchers are ahead of the hitters took a beating as N. L. sluggers pounded out a total of 29 homers in four games. The major league record of 25 home runs in one day was set in seven games on July 16, 1950.

A total of six home runs were hit as the Brooklyn Dodgers ruined the world champion New York Giants' home opener with a 10-8 triumph. Don Newcombe, who was a disappointment in his first mound test of the season, drove in three runs with two homers and Roy Campanella and Carl Furillo also homered for the Dodgers. Hank Thompson and Bobby Hofman homered for the Giants, who dropped their second straight game of the new season.

Cubs Win Third
Tenth-inning homers by Ransom Jackson and Ernie Banks enabled the Chicago Cubs to defeat the Cincinnati Redlegs, 6-4, and run their winning streak to three games. The Cubs had gone ahead in the top of the ninth when pitcher Hal Jeffcoat homered but the Redlegs tied the score in the bottom half of the frame on Gus Bell's two-out round-tripper. It was the third straight loss for the Redlegs.

Herman Wehmeier's six-hit pitching paced the Philadelphia Phillies to a 4-3 win over the Pittsburgh Pirates in a game that produced "only" three homers. Willie Jones hit one for Philadelphia while rookie Ramon Mejias and Preston Ward homered for the Pirates. Wehmeier's victory extended his lifetime record against the Pirates to 19-7.

Mike Garcia, a 19-game winner last season, pitched a six-hitter and Al Smith and Jim Hegan homered to lead the Cleveland Indians to their second straight win—a 5-3 decision over the Detroit Tigers.

Willard Nixon, with relief aid from Ellis Kinder, was the winning pitcher as the Boston Red Sox beat the New York Yankees, 8-4, while Sandy Consuegra pitched a three-hitter to give the Chicago White Sox a 7-1 triumph over the Kansas City Athletics.

Irv Noren Faces Disciplinary Action For Run-In with Ump

BOSTON (AP) — Outfielder Irv Noren of the New York Yankees faced possible disciplinary action by the American League today after his run-in with Umpire Bill McKinley in Thursday's Yankees-Boston Red Sox game.

Noren was called out at home by McKinley on a close play in the sixth inning and was ejected from the game when he hotly disputed the call and pushed against McKinley. Outfielder Hank Bauer was ejected shortly after for exchanging words with McKinley, but did not appear to face any other punishment.

When Noren was ejected, he was replaced in left field by Elston Howard. It marked the first time a Negro ever appeared in a regular season game for the Yankees. The Red Sox won the game, 8-4.

Are all gasolines pretty much the same

No, they're not. Standard gasolines are distinctly different. We've got our own way of making gasolines—and we're mighty fussy about things like purity, proper balance for all 'round performance, and guarding the quality of the gasoline until it's in your tank. That's why Standard maintains private and exclusive terminal facilities in your area—to assure you of uniform gasolines of the same consistent high quality day in and day out. Yes, STANDARD WHITE CROWN and RED CROWN Gasolines are produced for your benefit all the way from the refinery to your car... for Standard maintains private and exclusive lake tankers, river barges, pipelines, tank cars and trucks. And a good thing to remember is this... no gasolines arrive at or go out of our terminals but Standard gasolines.

Try a tankful of one of these clean burning, high octane gasolines today, and drive away convinced that there is a difference!

AEC to Send Geologist to Macoupin County

WASHINGTON (AP) — Rep. Peter F. Mack Jr. (D-Ill.) said today that the Atomic Energy Commission will send a geologist to Macoupin County next week to search for uranium.

Samples of uranium-bearing slate brought here Thursday for assay proved to be disappointingly low in grade.

But Mack said "there is still a ray of hope" that richer deposits may be found beneath the surface. He said a uranium strike would be a boon to the coal-mining region of southwestern Macoupin County where unemployment is critical.

The commission does not buy ores containing less than .1 of 1 per cent of uranium oxide. It pays \$1.50 a pound for ores containing that amount. The price ranges up to \$3.50 a pound for ores assaying .2 of 1 per cent or better. The Macoupin County slate tested out at .008 of 1 per cent.

Mack said the first trace of uranium was found in a slate pile at a coal mine that was abandoned in 1895. The samples brought here came from areas near Medora, Chesterfield, and a tiny village called Macoupin after the county.

Vaccine Ordered For 90 Per Cent Of Illinois Needs

SPRINGFIELD (AP) — The Illinois Public Health Department has been notified that orders have been made for shipment of 90 per cent of the Salk vaccine needed for Illinois' mass immunization program.

The department said it received word from the National Foundation for Infantile Paralysis Thursday that it has asked manufacturers to ship that much of Illinois' allotment "immediately."

There was no word, however, on how long it would take the medical supply houses to comply with the order.

Some 450,000 children in the first and second grades will be eligible for the vaccine in Illinois under the mass immunization program.

Births

To Mr. and Mrs. Bill Dean Bramlet, RFD 3, Harrisburg, a girl named Deborah Kay, weighing six pounds, five ounces, born April 15 at the Harrisburg hospital.

UP President Praises U. S. News Services

KANSAS CITY, Kans. (AP) — Frank H. Bartholomew, president of the United Press, praised American news agencies today as "the greatest international distributors of news that the world ever has known."

In a speech before the Kansas City, Kans., Chamber of Commerce, he lauded American newspaper publishers who, he said, made possible the establishment and growth of the news agencies and "can take a great deal of altruistic satisfaction from the vital role they are playing today in supplying the world with its daily news."

"The American press," Bartholomew said, "through its press associations, has extended its high standards of truthful, factual coverage overseas and found a hearty response from editors and publishers in other lands. They, despite many international barriers, speak the same newspaperman's language and want the same high quality of news coverage."

Competition Is Stimulant

"The excellence of this coverage is sustained by the energetic competition among our news agencies. This competitive spirit is supported in turn by the informed and inquisitive editors of the world's best newspapers in their tireless quest for better and better coverage. Healthy competition is a daily stimulant and tonic to every editor of news reporting. We live on it, we thrive on it and we give our newspapers and radio stations the best that is in us because of it."

He described the worldwide operation of the United Press, gathering and distributing each day's news dispatches and photos to the 4,392 newspaper, radio and television clients which the U. P. serves direct in 73 countries and to the hundreds of additional clients receiving U. P. service through other news agencies.

'Not Just Words'

"This is an impressive operation," Bartholomew said. "For these are not just words we are moving. This is the daily chronicle of our own times... faithful reporting of today's news today is something that men and women around the globe—this side of the iron curtain—can depend on every day. And in these times such reporting hardly could be more important to good understanding among all of us."

Army Probes Accidental Firing of Nike

WASHINGTON (AP) — An Army investigation began today to find out why a Nike guided missile was fired accidentally at Ft. Meade, Md., Thursday. The missile exploded in the air and falling fragments gouged holes in the busy Washington-Baltimore Expressway.

Only a minor injury was reported, and damage apparently was confined to the highway which is four miles from the launching site. The expressway is normally heavily traveled, but flying pieces of metal from the 1,500-mile-an-hour missile fell after the explosion without hitting anyone, the Army said.

The launching site from which the missile was fired is one of a ring surrounding Washington to protect the capital city against enemy air attack.

The mishap occurred during a routine practice alert. It was said to be the first involving a Nike since the defensive device's first installation.

Pvt. Charles R. Lamson Jr., national park policeman, saw the missile explode, sending up a cloud of yellow smoke. He sent out an alarm and within minutes, authorities, including the FBI, the civil Aeronautics Administration and Maryland state police, were on the scene.

Soldiers, clad in decontamination suits to guard against acid burns, gathered the fragments into Army trucks.

No immediate explanation of how the missile happened to get away during the routine practice alert was given.

A spokesman said one of the crew members may have accidentally tripped a release lever, or the missile may have been set off by malfunctioning equipment.

New Mexico's state tree, the piñon, is the only member of the pine family that bears edible nuts.

WEBQ to Rebroadcast Vachel Davis Remarks

A rebroadcast of Vachel Davis' "This I Believe" remarks carried yesterday afternoon on Edward R. Murrow's CBS network program will be presented over WEBQ, Harrisburg, at 3:10 p. m. Monday. It was learned that KMOX, St. Louis, postponed the broadcast until April 23 because of the baseball game in St. Louis yesterday.

U. S. Stands Pat Against Visits To Fliers in China

WASHINGTON (AP) — The United States stood firm today against Red China's renewed offer to let relatives of 15 jailed airmen visit them in their Chinese prisons.

Officials said the Far Eastern situation, if anything, has grown worse since the end of January when the United States first refused to let the relatives go to China. Thus, they said, the U. S. government could not change its stand now and let the kin visit the fliers.

The renewed offer came in a letter from the Chinese Red Cross to Mr. and Mrs. Harold Fischer of Swea City, Iowa, whose son Harold is in a Chinese jail. The Reds held 14 other American airmen.

The Chinese, in answer to a letter from the Fischers, said "we would like to give you every possible assistance" in coming to China. The letter asked the Fischers to let Red China know "when you plan on coming to China so that we may be able to make the necessary arrangements for you."

Mrs. Fischer said she would send copies of the letter to the State Department and Air Force in a renewed effort to get permission to visit their son.

State Department officials said, however, that the United States will stand pat for the time being on its decision not to let the relatives make the journey.

American is Shot to Death In Jerusalem

JERUSALEM, Jordan (AP) — An American was shot to death on Mt. Zion today when he blundered into the no-man's-land between the Arab and Israeli lines that divide this Holy City.

A United Nations spokesman identified the dead man as Charles B. Harris, 24, of McCook, Neb. The spokesman said Harris was shot through the head and killed instantly by a bullet fired from the Jordan sector.

Harris, who was traveling alone in Jordan and staying at the YMCA in the old city of Jerusalem, was believed to have been unaware that he was in no-man's land when he walked to his death just past Jaffa gate.

Jordanian authorities handed over the body to the U. S. consul in Jerusalem. They expressed extreme regret over the incident.

Israeli authorities in their sector of Jerusalem said Jordanian frontier guards killed Harris.

Earlier reports indicated the victim was caught in a 15-minute exchange of gunfire that broke out when he reportedly failed to halt when challenged.

A subcommittee of the United Nations Mixed Armistice Commission investigated the shooting.

Adm. Stump to Report To Eisenhower

AUGUSTA, Ga. (AP) — The White House announced today that Adm. Felix B. Stump, commander-in-chief, Pacific, will come to Augusta for a special report to President Eisenhower.

Stump, whose jurisdiction includes the 7th fleet patrolling the seas off Formosa, arrived in Washington Thursday for what the White House described as routine reports to the Navy and Defense departments.

The President asked that Stump come to Augusta Saturday morning for a talk.

An American, John Rand, invented the collapsible metal tube in 1841.

LAWN MOWERS

We Have The Selection of Lawn Mowers You Must See Before Buying. A Mower For Every Yard!

18" ROTOMATIC ELECTRIC ROTARY POWER MOWER

MADE BY MONARK SILVER GLE

GLIDES THROUGH HIGHEST GRASS AND WEEDS.

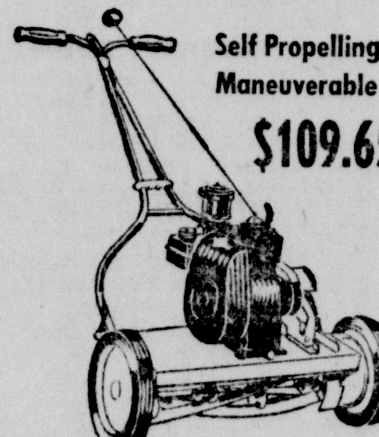

Use our Easy Pay Plan

\$66.15

Let this Rotomatic Power Mower change lawn mowing from work to play. Tell grass and weeds just seem to melt away as you guide this fine mower over your lawn. It's powered by a 1/2 H.P. 110-volt, Delco or Westinghouse motor that drives a rotary blade at 3450 RPM. Heat-treated, bar-type blade is connected to the motor through a slip-clutch adaptor that absorbs the shock if the blade strikes a solid object. Blade has full 18-inch cutting width and can be adjusted to 5 cutting heights from 1 1/2" to 2 3/4". Heavy gauge steel base has removable guard teeth. Steel wheels are mounted on bronze bearings and have puncture-proof tires. Buy this mower today on our Easy Pay Plan.

ANOTHER GOODYEAR VALUE

18" POWER MOWER

Self Propelling Maneuverable

\$109.65

Simply guide this mower as it effortlessly cuts a full 18" path. Has adjustable cutting height, handle controls for clutch and throttle—5 steel blades.

See our complete Line of Quality Power and HAND MOWERS
